Spare parts

Nordisk Clean Solutions works solely with authorised service companies and has one or more local partners on all markets in which we operate. See the separate price list for prices for spare parts for each market.

Contact us for more information on service companies in your area, and for a current price list for spare parts.

PowerGranules®

PowerGranules® are specially designed for use in Nor:disk machines.

They make your pans and containers visibly and hygienically clean. PowerGranules® are made of a plastic which has been tested and approved for contact with food. The unique mix of sizes and the composition of the material give you an exceptional removal rate and clean products which shine. The fact is, after using Power-Granules for a time your pans and containers will shine like new.

PowerGranules BIO®

PowerGranules BIO is biobased and made from three main ingredients:

calcium salt, rapeseed oil, and a combination of biodegradable esters.

Its special composition gives it the right characteristics; hard enough to remove even baked-on food, but soft enough not to harm your cookware – and, of course biodegradable.

PowerGranules BIO is in full compliance with the EU requirements for use in contact with food, and harmless in case of ingestion.

Maintenance

Our machines are designed to be cleaned simply and efficiently. That's because we know the importance of daily cleaning for optimal wash results. It's every bit as important to make sure that the machine is maintained with regular servicing, ensuring simple and worry-free use and extending the service life of your machine.

Does any part of your machine need to be replaced? We guarantee spare part availability for at least 10 years once the model has been taken out of production.

EN - Surcharge

To cope with the current cost volatility of raw materials such as stainless steel, electronic components, plastics, etc., we adopt a system of surcharges that may be added to or deducted from the current price list on a monthly basis depending on cost development. On the 15th of every month, we will inform you about the coming month's surcharge rate, if any. The surcharge may vary between different products. With this, we hope to keep the impact of the cost increase to a minimum throughout the sales channel.

 Mitre shears, for gasket	1 pcs	26529	122,00

Water softener

A high-performance, compact commercial water softener. Ideal for applications where space is limited. Durable, compact cabinet design. Dual tank: This means you are guaranteed a 24/7, continuous and uninterrupted supply of soft water.

Non-electric: By using the energy of moving water, there is no need for any electric installation. The unit is suitable for applications with both hot and cold water. Temperature range 2 - 65°C.

Documentation and software online

Nordisk Clean Solutions Service Web

for Authorised Service Partners

nordiskclean.com/members/gd-service/

Nordisk Clean Solutions Service Web is an online archive for documentation and software for machines/products from Nor:disk. Access is granted in two levels: Full and Limited Access.

Full Access

Full Access is granted to all Authorized Service Partners and lets you view and download documentation such as user and service manuals, spare part lists and software. To become an Authorized Service Partner, one or more service technicians must have completed the Nor:disk Academy™ Service Training.

Limited Access

Limited Access is the option for non-authorized companies, allowing only viewing and downloading of documentation.

Become an Authorized Service Partner

To become an Authorized Service Partner at Nordisk Clean Solutions, you must complete our service training in Nor:disk Academy™. Sign up for one of our Nor:disk Academy™ Service Training events in Sweden, France or Germany. Courses are held in Swedish/English/German and French.

Read more and register online, or email ts@nordiskclean.com for more information.
