## SPARE PARTS.

Nordisk Clean Solutions works solely with authorised service companies and has one or more local partners on all markets in which we operate. See the separate price list for prices for spare parts for each market.

Contact us for more information on service companies in your area, and for a current price list for spare parts.

## POWERGRANULES®

PowerGranules® are specially designed for use in Granuldisk machines. They make your pans and containers visibly and hygienically clean. PowerGranules® are made of a plastic which has been tested and approved for contact with food. The unique mix of sizes and the composition of the material give you an exceptional removal rate and clean products which shine. The fact is, after using PowerGranules for a time your pans and containers will shine like new.

## POWERGRANULES BIO®

PowerGranules BIO is biobased and made from three main ingredients: calcium salt, rapeseed oil, and a combination of biodegradable esters. Its special composition gives it the right characteristics; hard enough to remove even baked-on food, but soft enough not to harm your cookware - and, of course biodegradable.

PowerGranules BIO is in full compliance with the EU requirements for use in contact with food, and harmless in case of ingestion.

## MAINTENANCE.

Our machines are designed to be cleaned simply and efficiently. That's because we know the importance of daily cleaning for optimal wash results. It's every bit as important to make sure that the machine is maintained with regular servicing, ensuring simple and worry-free use and extending the service life of your machine.

Does any part of your machine need to be replaced? We guarantee spare part availability for at least 10 years once the model has been taken out of production.

## EN - SURCHARGE

To cope with the current cost volatility of raw materials such as stainless steel, electronic components, plastics, etc., we adopt a system of surcharges that may be added to or deducted from the current price list on a monthly basis depending on cost development. On the 15th of every month, we will inform you about the coming month's surcharge rate, if any. The surcharge may vary between different products. With this, we hope to keep the impact of the cost increase to a minimum throughout the sales channel.
